FOR IMMEDIATE RELEASE

The ExOne Company to Participate at LD Micro Main Event

Los Angeles, CA / Accesswire / November 28, 2018 — [The ExOne Company](#) (NASDAQ: XONE) (“ExOne” or “the Company”), a global provider of three-dimensional (“3D”) printing machines and 3D printed and other products, materials and services to industrial customers, announced that Brian W. Smith, Senior Vice President – Corporate Development, will present and be available for investor meetings at the LD Micro Main Event in Los Angeles, CA on Tuesday, December 4, 2018. The LD Micro Main Event will feature 250 companies and will be attended by more than 1,200 individuals.

XONE’s presentation will begin at 5:30 p.m. Pacific Time (8:30 p.m. Eastern Time). A link to the live webcast, along with presentation materials, will be available at www.investor.exone.com. An archive of the presentation can be accessed on the Company’s website using the same link following the conference, along with a transcript once available.

About ExOne

ExOne is a global provider of 3D printing machines and 3D printed and other products, materials and services to industrial customers. ExOne’s business primarily consists of manufacturing and selling 3D printing machines and printing products to specification for its customers using its installed base of 3D printing machines. ExOne’s machines serve direct and indirect applications. Direct printing produces a component; indirect printing makes a tool to produce a component. ExOne offers pre-production collaboration and print products for customers through its network of ExOne Adoption Centers (“EACs”) and Production Service Centers (“PSCs”). ExOne also supplies the associated materials, including consumables and replacement parts, and other services, including training and technical support that is necessary for purchasers of its 3D printing machines to print products. The Company believes that its ability to print in a variety of industrial materials, as well as its industry-leading volumetric output (as measured by build box size and printing speed) uniquely position ExOne to serve the needs of industrial customers.

About LD Micro

LD Micro was founded in 2006 with the sole purpose of being an independent resource in the microcap space. What started out as a newsletter highlighting unique companies has transformed into several influential events annually (Invitational, Summit, and Main Event). In 2015, LDM launched the first pure microcap index (the LDMi) to exclusively provide intraday information on the entire sector. LD will continue to provide valuable tools for the benefit of everyone in the small and micro-cap universe.

For those interested in attending, please contact David Scher at david@ldmicro.com or visit www.ldmicro.com for more information.
